For further information see Notification of sale printed on pages 349—350, Part IV of the *Mysore Gazette* dated 11th May 1916.

K. MATTHAN,
President, District Board

PUBLIC WORKSHOP AND STORES DIVISION.

Abstract Notification.

The attention of the public is invited to the Notification dated 24th April 1916, calling for tenders, until 29th May 1916, for the supply of materials required for use of the P. W. Workshop for the period from 1st July 1916 to 31st December 1916, on pages 318 to 328, Part IV of the *Mysore Gazette*.

B. C. KETKAR,
Superintendent,
P. W. Workshop and Stores, Bangalore.

CAUVERY RESERVOIR WORKS DIVISION.

FORM OF ADVERTISEMENT.

Notice is hereby given that sealed tenders will be received at the Office of the Superintending Engineer, Cauvery Reservoir Works Division, up to 20th June 1916, for supply of charcoal of the kind noted in the specification. An approximate estimate of quantities is given below. These quantities are not guaranteed. The supply of charcoal shall commence from July 1916.

2. The conditions may be seen at the Superintending Engineer's Office, Cauvery Reservoir Works on all week days between the hours of 11 A.M. and 6 P.M.

3. Tenders should be submitted on printed forms which may be obtained from the Superintending Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed :—

Description of work	Unit of work	Rate per unit

4. Each tender must be accompanied by a deposit of Rs. 500 in cash or Government Promisory notes, as earnest money, and be superscribed "tenders for supply of charcoal for the North and South Banks of the Cauvery Reservoir Works," in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Chief Engineer of Mysore who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor whose tender has been accepted, will be posted on the notice board in the Superintending Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money or rejected tenders will be returned.

9. From July 1916 to June 1917 the quantity to be supplied is 100 tons per month for the North Bank and 90 tons per month on the South Bank.

10. Tenders should be separately given for the South and North Banks.

Specification for Charcoal.

1. The wood to be used for burning charcoal must be hard, such as Jali, Thopala, Devadari, Hunse, Chigari Hiddarne, or some other approved variety.

2. The charcoal prepared out of soft wood and containing small pieces are liable to be rejected or paid for at a lower rate at the discretion of the officer in charge.

3. The Superintending Engineer or his representative will inspect the charcoal immediately after it is weighed and stacked, any quantity found unfit for work will be rejected which the contractors shall arrange to remove at once from the stacking yard.

4. The contractors shall arrange to watch the charcoal brought to site still it is weighed, stacked and accepted by the Superintending Engineer or his representative. The contractors or their accredited agent must be present at the time of measurement but payment will not be made till the contractors sign the bill in token of acceptance.

5. The quantity of charcoal to be supplied from the date of signing the regular contract bond up to 30th June 1916 is tons per month, each ton being equal to 2,240 lbs. And the quality shall be such as to weigh, when dry, not less than 110 cubic feet per ton.

6. Should the contractor fail to supply the stipulated quantity of charcoal in two consecutive months, the Superintending Engineer can order for collection by separate agency at the risk of the contractor or cancel his contract crediting the whole or part of the reserved amount to Government.

7. A reserve of 5 per cent will be withheld from the contractor's bills and it will not be paid till the accounts are finally settled.

8. The Superintending Engineer or his representative is at liberty to manufacture charcoal by other agencies from the trees in tank bed or other Government trees within the area of the Cauvery Reservoir works.

Dated 8th May 1916.

Notice is hereby given that sealed tenders will be received up to 5 P.M. on Saturday the 20th May 1916, by the Superintending Engineer, Cauvery Reservoir Works, for supply of machinery articles detailed on page 329 of the *Mysore Gazette*, dated the 4th May 1916.

B. B. GARUDACHARYA,

For *Superintending Engineer, Cauvery Reservoir Works.*

EDUCATION AND AGRICULTURE.

In modification of Rules 1 and 7 of the notice published in Part IV of the issues of the *Mysore Gazette* of 20th and 27th April 1916, inviting applications from candidates desirous of undergoing training in Sericulture, Government are pleased to direct that all candidates who have passed the B.A. Degree Examination in any of the Physical or Natural Sciences may apply and that the date for the submission of applications will be extended to 25th May 1916.

By Order,

P. G. D'SOUZA,

Offg. Secretary to Government,

Departments of Education and Agriculture.
